Dear Sirs,

**Re – Reference – Bralsford Brown**

I write with reference to the above company.

I am a Solicitor primarily dealing with personal injury claims.

I initially instructed Mr Bralsford to provide an expert report on a matter regarding the plumbing of an electrical shower unit.

Mr Bralsford organised and undertook a home visit at the property in question. Mr Bralsford recommended that further input would be required from an electrical perspective and this was incorporated into the report by Mr Brown.

My client reported that the home visit was conducted with as little intrusion as possible and Mr Bralsford took the time to explain what it was he was doing.

The report was promptly received. It was comprehensive and fully explained the technical issues. Colour photographs were appended. I was impressed with the report as was the Barrister instructed in the case.

I would have no hesitation in using Bralsford Brown again and have recommended them to colleagues.

Yours faithfully

Catharine Brown
